k. Description of Request: Consolidated Water Power Company (licensee) requests Commission approval to transfer certain interests in licensee-owned lands within the project boundary to New Page Wisconsin System, Inc. (New Page) to memorialize historic uses of the property by a paper company, currently owned by New Page, for continued use of the property by existing paper mill facilities and operations. The application would separate and more precisely delineate the licensee's hydropower and utility assets from New Page's paper mill assets. The proposed change in land rights does not involve any changes in project facilities, operations, or project boundaries. In addition to the proposed change in land rights for the existing uses, the licensee proposes to grant an easement to New Page for a single, future water intake structure. This new proposed use will be considered by the Commission under a separate proceeding.

Locations of the Application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, DC 20426, or by calling (202) 502-8371.
